Peer 2 Peer Recovery Project

A Non-Clinical, Peer-Based Recovery Support Project

Serving Individuals in Recovery or
Seeking Recovery from Substance
Use Disorders in Fall River, MA and
Surrounding Communities

What can I expect if I participate at Peer 2 Peer?

Peer-to-Peer Recovery Project (P2P) offers a safe and confidential place for individuals to learn from peers with lived experience, share their challenges and become empowered. Each individual path to recovery is respected and each individual is met at whatever point in recovery they are at.

If you are seeking recovery support, you may become a P2P member. Membership will allow you certain privileges and the support of P2P's recovery community. A member may choose to become a volunteer once he/she is ready to take on specific jobs and/or responsibilities.

Giving back by helping someone else in their journey to recovery from substance use can be important to one's own ongoing recovery.

Without P2P to help me through a dark time I don't believe sobriety would be possible. I now have seven months in recovery. My family is in my life again. I am working. I have an apartment. I have my license and a car. I have respect for myself. The support at P2P helped save my life.

~ Jessica
